REMARKS

Defendant's Motion to Reopen Detention Hearing was presented to the Court.

Government proffered the Pretrial Services Report as well as the Search Warrant Affidavit related to this case; and argued that there are no conditions which justify reconsidering the issues of detention or that there are no conditions which will reasonably assure Defendant's appearance as required and/or the safety of any other person and the community.

Defense counsel argued why there are conditions which justify reconsidering the issues of detention and that such conditions will reasonably assure Defendant's appearance as required.

Officer Cherney addressed the Court and indicated since the warrant in Montana has been resolved, Pretrial Services is not opposed to defendant's release. Officer Cherney would suggest substance abuse testing and remain in Eastern District of Washington conditions be imposed.
